CSM Review

- Meeting minutes: [Orthopaedic Website](#)
 - Questions?
- ABPTRFE Ad-Hoc R/F Section Leadership meeting
 - First meeting involving all R/F leaders of different Sections
 - Shared what each group is doing and where they are in their development
 - Good discussion regarding consistent struggles with Quality Standards
 - Short Time Frame, new hourly requirements, DRP/DFP patient populations/PHC
 - After discussion standards have been pushed back to 2020
 - Until then programs can use their current mode but any resident/fellow seen in 2020 will need to track the new standards.

CSM Follow up

- 2018 Programming Submissions
 - Pre-Con Course
 - Clinical excellence and quality standards in R/F education
 - Education Section Collaboration
 - Clinical Reasoning-Not as Easy as you Think: Strategies for Mentor and Mentee
- ABPTRFE Ad-Hoc R/F Section Leadership meeting
 - Decided to meet 3-4x year to share what each Section is doing
 - Will not unfortunately be an outlet to discuss Quality Standards
 - We are still working on this

AAOMPT Update on DFP/DRP

- New Rubric refers to the DRP and DFP for checklists
 - AAOMPT Submitted a letter to ABPTRFE a minimum requirement of 75 hours by a Fellow of AAOMPT in the DFP as a minimum requirement.
 - This would reduce the risk of a 2nd tier fellow outside of AAOMPT and IFOMPT which would create further public confusion
 - ABPTRFE to review in May meeting
