**Membership Committee Report
CSM Board of Directors Meeting
January 2021**

**Submitted by:
Megan Poll, Chair
Academy of Orthopaedic Physical Therapy, APTA**

Committee Members and Terms:

Chair:

Megan Poll 2018-2021

Vice Chair:

Christine Becks Mansfield 2018-2021

Members:

Molly O'Rourke 2020-2023

Nate Mosher 2020-2023

Kelsey Smith (student member) 2019-2021

Update on Committee Activities since July 2020:

- AOPT Mentorship Program was postponed for the 2020-2021 calendar year due to the current challenges of the pandemic
- Christine Becks will serve as liaison for AOPT and the APTA Centennial Scholars Program
- Membership Committee reviewed and selected 3 members to participate as AOPT sponsored APTA Centennial Scholars
 - o Yusra Iftikhar
 - o Mary Beth Geiser
 - o Zachary Walston
- Applicants who were not selected were contacted and logged for future volunteer and leadership considerations
 - o Matthew Huey and Katie Scaff will be recommended for new positions in the Membership Committee

Discussion Items for the Board:

- Continuing to work with AOPT Work Group and AOPT Strategic Planning
- Centennial Scholar applicant request for a formal AOPT Leadership Track/Program to develop and groom members for positions in the Academy

Motions for the Board:

- Approve Katie Scaff and Matthew Huey as new members to the Membership Committee

Membership Project – Strategic Plan:

- Develop a systematic process for recruiting and utilizing members for Section initiatives
 - o Centennial Scholar applicant pool

- Enhance membership involvement in governance
- Developing strategies to enhance members' recruitment, retention, and engagement
 - o Membership Marketing and Recruitment Work Group suggestions to the BOD for member discounts/access to educational materials during COVID-19 pandemic

Membership Counts (As of Nov 2020):

Overall

Total members: 18,487 (up from 17,516 reported at Jul 2020 Board Meeting)

- APTA total sections 72,458; Ortho Section comprises **26% total APTA membership**
 - o Second largest section: Sports at 7,402
- PT comprises **92%**; down 1% from previous report
- PTA comprises **3%**; unchanged from previous report
- Students comprise **4%**; unchanged from previous report

Component Counts by Member Type and Category: November 2020 (extended 90 day grace)

**Education Committee Report
January 2021 CSM Board Meeting**

**Submitted by:
Nancy Bloom, Chair
Academy of Orthopaedic Physical Therapy, APTA**

Committee Members and Terms:

Chair:

Nancy Bloom 2016-2022 (member since 2011)

Vice Chair:

Manny Yung 2016-2021 (member since 2013)

Members:

Eric Folkins 2018-2024

Valerie Spees 2015-2021

Kate Spencer 2016-2022

Brian Eckenrode 2020-2023

Gretchen Seif 2020-2023

Approved and Confirmed New Members:

1) Lindsay Carroll 2021-2024

2) Kathleen Geist 2021-2024

3) Jason Grimes 2021-2024

**Task Force: Educational Opportunities for AOPT previously known as
AOM 2020 Planning Committee**

Members:

Director: Keelan Enseki (2019 – 2022);

Education Chair: Nancy Bloom

ISC Leader: Guy Simoneau

2 Educator/Research Members (3 year term)

Stefanie DiStasi (2019 – 2022)

Joe Godges (2019 – 2022)

This group has met twice and several good ideas were generated. A summary of the groups' recommendations will be provided at the Board meeting in January 2021.

Update on Committee Activities since July 2020

CSM 2021

- **Education programs:** all scheduled and speaker contracts are complete for the first virtual CSM.
 - We lost 5 programs due to the change in format, so the total number of educational programs is 22.

- 5 programs will be 100% live
 - 11 programs will be pre-recorded with 30 minute live question and answer sessions
 - 6 programs will be 100% asynchronous – pre-recorded and online chat for questions and answers.
- The topic for the “Spotlight on Research” is the hip (Hip Studies and Clinical Implications) and the session will be moderated by Cara Lewis PT, PhD; Marcie Harris Hayes PT, DPT, MSCI; and Stefani DiStasi PT, PhD.
- Sessions will be moderated by the following Education Committee members: Nancy Bloom, Manny Yung, Brian Eckenrode, Gretchen Seif
 - Registration for 3 committee members will be the only cost for the Academy
 - SIG Vice Presidents will moderate their programming with assistance from the Education Committee members
- **Posters and Platforms:**
 - 381 abstract submissions
 - 56 platforms
 - 278 posters
 - 87% acceptance rate/47 rejected based on quality cut score
- **Pre-cons:** We lost 1 pre-conference course so the total number is 2 and both will be held virtually after CSM (post-cons).
 - ~~Musculoskeletal Ultrasonography of Upper Extremity w/Special Focus in Sport and Performing Arts—2 day~~
Now the course will be 1-Day and only sponsored by Imaging SIG
Next Level Clinical Reasoning: Integration of Diagnostic Ultrasound into PT Practice
There may be an opportunity to house this course on AOPT’s Learning Management System for future use.
 - Essentials to Enhance Education and Outcomes in Residency/Fellowship Programs: Program Director and Faculty Track 1-Day
SIG Sponsored: Orthopaedic Residency and Fellowship SIG
 - ~~CANCELLED: Post-Concussion Evaluation and Treatment: Implementing the Clinical Practice Guidelines—1-Day (speakers agreed to modify proposal from 2 day to 1 day course)~~

Section Program Chair (SPC) Meeting: These meetings have been virtual since CSM 2020. No announcements have been made for the spring planning for CSM 2022. The Research Committee Vice Chair and the Education Chair will attend this meeting. If it is in person, the Research Vice Chair will be funded by AOPT.

Strategic Planning Updates: Changes since July 2020 Report

Evidence in Practice:

Create innovative delivery methods for educational products to increase member use since the spring of 2020, efforts have been made to work with APTA, other program chairs and leadership

to plan a virtual CSM for 2021. Some aspects of this delivery method may persist beyond 2021 and have the potential to increase member use of AOPT educational materials.

Formation of a task force to explore micro-learning and new educational opportunities for AOPT is a first step in supporting our goal of creating innovative delivery methods for educational products.

Diversity & Inclusion:

Increase the diversity of members, leaders and AOPT

Adding a member to the Education Committee allows us to engage new members in AOPT and potentially develop leaders.

**Research Committee Report CSM Board of Directors
Meeting January 2021**

**Submitted by:
Daniel K. White PT, ScD, MSc
Academy of Orthopaedic Physical Therapy, APTA**

Committee Members and Terms:

Chair:

Dan White 2019-2022

Vice Chair:

Amee Seitz 2019- 2022

Members:

Edward Mulligan	2019- 2022
Louise Thoma	2018- 2022
Alison Chang	2018- 2021 (Outgoing)
Arie van Duijin	2018- 2021 (Outgoing)
Philip Malloy	2020- 2023
Matthew Ithburn	2020- 2023
Gretchen Salsich	2021- 2024 (Incoming)
Cristine Agresta	2021- 2024 (Incoming)

Update on committee activities since Oct 2019 Board Meeting:

1. Rose Award Nominations

Gail Deyle PT, PhD was selected as the 2021 Rose Excellence in Research Award recipient for the article: “Physical Therapy versus Glucocorticoid Injection for Osteoarthritis of the Knee” published in NEJM. The Rose Research Platform is scheduled for Friday February 26, 2021 at 3:00pm EST

2. Sean Rundell has agreed to serve at Vice Chair of the Research Committee after CSM 2022. Sean previously served as a member of the Research Committee and will be mentored by Amees Seitz, current Vice Chair, over this near year.

3. External Grant Review Committee

Joel Bialosky will oversee the grant reviews as vice chair of the External Grant Review Committee, which consists of 7 members including Joel. The members are Ruth Chimenti, Trevor Lentz, Joe Zeni, Roy Coronado, Sean Rundell, Samannaaz Khoja, and Joel Bialosky. There were nine (9) New Investigator grants, and two (2) unrestricted grants. The External Grant Review Committee will meet virtually on a date TBD.

4. Research Poster Award

This award will not be given out this year with CSM being virtual.

5. Research Spotlight Workgroup

Cara Lewis, Marcie Hayes, and Stephanie Di Stasi will be presenting the fourth Research Spotlight Education Session on pathology at the Hip at CSM.

**Orthopaedic Specialty Council Report
2021
2021 CSM January Board Report**

**Submitted by:
Pam Kikillus, Chair
Academy of Orthopaedic Physical Therapy, APTA**

Specialty Council Members and Term End Dates:

Chair:

Pam Kikillus 12/2022

Members:

Hillary Greenberger 12/2021

Peter Sprague 12/2021

Jimmy Kim 12/2023

Paul Neil Czujko 12/2024

Update on Committee Activities since July 2020:

In December 2020, the Orthopedic Council participated in a virtual item writing workshop to develop items for the MOSC examination. Experienced writers participated in the event led by ABPTS.

Council members are currently reviewing professional development portfolios for those therapists seeking re certification in the “old system”. Council members are also reviewing MOSC submissions for the first 3 year portions of submissions for therapists in the new MOSC system. These are assigned to council members in batches throughout the year.

The Orthopedic Council is preparing for a virtual item writing workshop during CSM 2021.

I will include a brief re-report and update on the proposed changes to minimum eligibility to sit for the OCS exam. In August 2019, a survey was sent to individuals who passed and failed the 2018 and 2019 exam to determine the number of individuals who would not have qualified to take the exam given the newly recommended requirements. A full report of data analysis was expected to be released at CSM 2020, however that did not occur. However, after that time, a partial update was received.

The ABPTS provided preliminary results of the survey to pursue the recommended changes to the minimum eligibility requirements to sit for the initial orthopaedic specialty exam. The following information was reported:

The APTA Research department reported on “preliminary results” from the survey data analysis with promise to complete full analysis this Fall. They sent the survey to sample of 2985 (individuals who took the exam in 2018 and 2019). There was a 26% response rate (788 completed the survey). The preliminary analysis examined the Spine groupings. The results of this one region looked very positive.

82% stated they could meet these requirements, 10% could meet requirements if given few more years and 8% could never meet the requirement. For the overall body regions, I believe that about 75% stated they could meet the requirements and 12% could meet if given a few more years. (These numbers are not official at the time this report is being submitted).

The Council is hopeful that we can continue to move forward on making these proposed changes in the near future.

If AOPT Board has any questions, please feel free to contact me.

**Practice Committee Report
CSM Board of Directors Meeting
January 2021**

**Submitted by:
James Spencer, Chair
Academy of Orthopaedic Physical Therapy, APTA**

Committee Members and Terms:

Chair:

James Spencer 2020-2023

Members:

Molly Malloy 2016-2022
Kathleen Geist 2018-2021 (will start second term pending Board approval)
Marcia Spoto 2015-2021 (has moved into role as Chair of Payment and Value Workgroup)
Emma Williams White 2019-2022
Jim Dauber 2016-2022
Gretchen Johnson 2019-2022
Stephanie Weyrauch 2020-2023

Delegate:

Gretchen Seif 2020-2021

STATE GOVERNMENT AFFAIRS

There is limited information to report at this time on state issues due to the effects of the pandemic on state legislation.

- **Imaging**
 - The 2nd half of the state-by-state study from a firm hired by APTA on the authority of PTs to refer for imaging is currently on hold due to financial constraints at this time.
 - Imaging engaged SIG members in collecting data regarding payment for PT performance of diagnostic ultrasound.
- **PT Compact**
 - 28 states are now in the compact, with a handful of others with pending legislation. The compact is largely on the back-burner at this time in states pursuing Compact privileges for PTs.

FEDERAL AFFAIRS UPDATE

Medicare (as of 12/20/2020)

The APTA has been engaged in intense advocacy efforts (#FightTheCut) to combat the fee cut to physical therapy services issued in the CMS final rule, issued on December 1, 2020. This rule is to take effect on January 1, 2021, and the new physician fee (PFS) schedule reflects a reduction in payment for PT services estimated to be approximately 9%. The fee cut comes about through a reduction in the conversion factor utilized in calculating fees, from the current \$36.09, to \$32.41.

Bipartisan bills have been introduced in both the House and Senate that would serve to ward off the looming fee cuts. Senate bill S. 5007 (with companion bill H.R. 8702) would amend title XVII of the SSA to provide increased payment under Medicare Part B in response to COVID-19.

Telehealth

Regulatory changes have allowed PTs to bill and receive payment for telehealth services during the public health emergency (PHE). APTA is advocating for a continuation of telehealth privileges after the PHE period.

With regard to Medicare, after the PHE ends there will be a subset of codes, added on a temporary basis under category 3, that can be billed under telehealth. Importantly, these codes will be allowed only for those PTs who work incident to a physician. Ultimately, congress will have to act in order to change the underlying dynamic that prohibits PTs from being reimbursed for telehealth services after the PHE. As of this writing, it does not look favorable for congress passing the CONNECT for Health Act, which would have provided CMS with the authority to add PTs as eligible providers of telehealth.

With limited exception, commercial payors have not indicated whether or not they will continue to pay for telehealth services furnished by PTs beyond the PHE. APTA continues to reach out to the large national payors and will advocate for permanent adoption of payment policies surrounding telehealth.

Note: APTA Resources tracking Emergency declarations related to telehealth can be found here:
<https://www.apta.org/news/2020/03/27/charts-from-apta-track-payer-government-pt-telehealth-policies>

ADDENDUM, Report of Imaging SIG meeting with APTA Payment staff

From: Marcia Spoto, PT, DC (AOPT Payment & Value Workgroup)

Re: Imaging SIG Diagnostic US Survey Results/Meeting with APTA Payment Staff

Date: 12-14-20

Present:

Chuck Hazle (President of the Imaging SIG)

Bill Boissonnault (Executive Vice-President for Professional Affairs)

Carmen Elliot (Vice-President for Payment)

Alice Bell (Senior Payment Specialist)

Marcia Spoto (Practice Committee/Chair Payment & Value Workgroup)

The Imaging SIG of the AOPT conducted a survey of members on reimbursement for diagnostic ultrasound from September 29 through October 9, 2020. The APTA, AOPT Imaging SIG, American Institute of Ultrasound in Medicine (<https://www.aium.org>), and Inteleos (<https://inteleos.org>) requested the survey to better understand the payment landscape for diagnostic US services provided by physical therapists.

Chuck reported on the survey results:

- There were 34 responses to the survey
- Data was collected on payors that will, and will not, reimburse for diagnostic US provided by a PT
- Billing codes reimbursed identified as: 76881 (US single joint), 76882 (US limited joint or other nonvascular structure), and 97750 (physical performance test or measure)
- There was considerable variation in payment for service and this was payor dependent and ranged from 10% of billable amount to 100% billable amount
- Reasons provided for denial of payment for service included perceptions among payors that the service is outside the SOP of PT's, codes are not recognized as billable by PT's, or that the PT was not certified to provide service (Note: payors cited rationale for denial of payment is not valid in many cases)
- When asked if they have the Registered in Musculoskeletal Sonography (RMSK) credential, 6 reported yes, 12 no, and 16 in process

General Discussion:

- APTA, AIUM, and Inteleos have formed a cooperative agreement for physical therapists to be educated using AIUM resources toward meeting the prerequisites to qualify for the RMSK as determined by Inteleos
- Many PTs' choose not to pursue credentialing due to concerns about payment
- Some practitioners have successfully appealed denied payments
- APTA is willing to facilitate communications with payors, and educate payors on the qualifications of PT's to perform diagnostic US as a first step

- APTA has also agreed to help create resources that practitioners can use to educate payors, and to appeal negative payment decisions
- ACA non-discrimination policy may provide an avenue to address payment issues
- Diagnostic US can be performed in lieu of MRI for select soft tissue conditions at a considerably less cost
- Scope of practice issues are more complex due to high variation across states
- Most state practice acts are silent on the use of US by PTs for diagnostic purposes
- State practice acts that include language prohibiting PTs from rendering a “medical diagnosis” can create misperceptions among payors that diagnostic US is outside the PT SOP

Residency and Fellowship Grant

Following the deadline to submit Committee Reports, the Practice Committee approved a Residency and Fellowship Grant to *Augusta University Orthopaedic Physical Therapy Residency Program*.

Independent Study Course Report

CSM Board of Directors Meeting January 2021

Submitted by:

Guy Simoneau, Editor & Sharon Klinski, Managing Editor

Editorial Team

Guy Simoneau, Editor

Gordon Riddle, Associate Editor

Sharon Klinski, Managing Editor

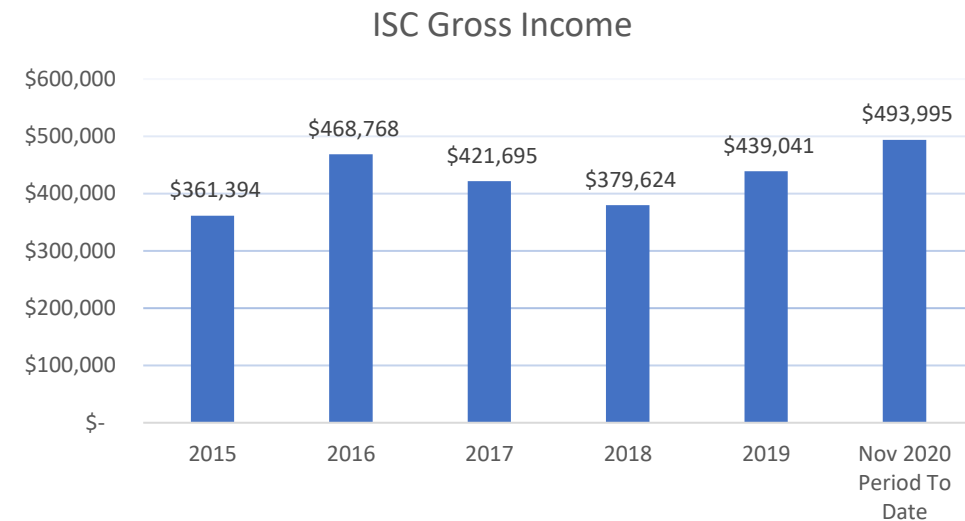

Tara Jo Manal, Board Liaison

2015-2020 ISC Comparison

Independent Study Courses						
	2015	2016	2017	2018	2019	Nov 2020 Period To Date
Income	\$ 361,394	\$ 468,768	\$ 421,695	\$ 379,624	\$ 439,041	\$ 493,995
Expenses	\$ 127,767	\$ 159,437	\$ 94,494	\$ 128,872	\$ 119,889	\$ 155,228
Profit	\$ 233,627	\$ 309,331	\$ 327,201	\$ 250,752	\$ 319,152	\$ 338,767

*Current Concepts 4th Edition was released July 2016

- November 2020 net income is 54% over budgeted projections. Initiatives offered during the COVID crisis continue to be very well received. Courses sold during this time have exceeded expectations. “Slashing” the prices of archived courses resulted in 440 sold and when ordering the online content, + print was free and resulted in 317 sold
- Inflated income in 2016 and 2017 was due to the release of Current Concepts, 4th ed
- 2015 and 2018 - stable income with 2018 outperforming slightly
- 2019 began concentrated marketing with weekly e-blasts and social media posts (Facebook, Twitter, & Instagram), also began to offer “initiatives or specials” that have been very well received (see slide 5 for additional detail), this has been continued into 2020 with amazing results

	Income	Expense	Profit	Platform Fee	Net Profit
2015	\$ 361,393	\$ 127,766	\$ 233,627	No Fee	\$ 233,627
2016	\$ 468,767	\$ 159,437	\$ 309,330	\$ 18,500	\$ 290,830

2020 Initiatives to Test Value...Will Report on Response

GOING, GOING, GONE....SALE ON THOSE COURSES TO BE ARCHIVED AS OF YEAR END

- Eblast announce for PT Outcomes in Orthopaedic Physical Therapy was sent 6.18.2020; 27 courses sold

INTRODUCTORY SALE (\$25 or \$50 OFF FIRST 60 DAYS OF NEW RELEASE)

- Tissue Tolerances, a 3-monograph series, was released June 1 at \$25 off; we had 228 sales (breakeven achieved)
- The Running Athlete, a 6-monograph series, will be released late June/early July at \$50 off; we had 169 sales (breakeven achieved)
- Special Topics: Enhancing Performance Using a Mind, Body, Metric Approach (3 options); we had 63 sales

SINGLE MONOGRAPH SALES

- PT Educational Resources for the Spine Patient: 25 total sales
- Special Alternative Topics (print copy only): 6 total sales
- Postoperative Management of Orthopaedic Surgeries (online only): 6 total sales

LOWERED ARCHIVED PRICING MARCH 2020

- E-blast announcing Great Deal on Archived Courses resulted in the sale of 647 archived courses year to date; we sold a total of 46 in this category all of 2019

OFFERED PLUS PRINT FOR FREE March 31 – May 31

- This resulted in great sales at 317 courses sold

Marketing Initiative with PT Pintcast

- We have concentrated on advertising Current Concepts throughout the year at a cost of \$5,850. We have seen a 23% increase in Current Concepts nonmember sales. In addition, we have seen an increase in Current Concepts sales in years 4 and 5 of the 4th edition release instead of a yearly downward trend. To put this in perspective dollars wise, it has increased sales in the nonmember category only by \$34,950 compared to 2019.

Thanksgiving Offer: 7 day, 7 course feast!

Resulted in 65 sales and almost matched our 2019 Black Friday to Cyber Monday offer (a total of 66 sales)

12 Days of Specials: 12 offers from December 7 – December 18

Resulted in 144 sales including a record high single day sales of \$6,375!

Year End Sales Comparison – Note that as of 12.21.2020, we have sold a total of 2,727 courses so we are only 82 courses away from our combined 2018 and 2019 total!

YTD: Jan – Dec 2016	YTD: Jan – Dec 2017	YTD: Jan –Dec 2018	YTD: Jan – Dec 2019	YTD: Jan - Nov 2020
1427	1222	1187	1622	2536

We will continue to try new initiatives, test response, and refine our messaging to continue to serve our memberships needs.

Timelines for Release of New Courses

2021

ISC 31.1, Management of Headaches (3-monograph series) - TBD

ISC 31.2, Current Concepts of Orthopaedic Physical Therapy, 5th ed – TBD (typically Aug)

ISC 31.3, Manual Therapy (3-monograph series) – release TBD

2022

ISC 32.1, Applied Tendinopathy - TBD

ISC 32.2, The Female Athlete Throughout the Lifespan - TBD

ISC 32.3, Psychologically Informed Physical Therapy – TBD

ISC 32.4, Physical Therapy for the Circus Artists (PASIG) - TBD

ISC 32.5, Occupational Health (OHSIG) - TBD

2023

TBD

Initiatives

- ✓ Reviewing a proposal to purchase the translation and distribution rights for Tissue Tolerances by a Japanese company, Impact Eibun.
- ✓ Exploring the idea of offering ISCs to other English speaking markets beyond the United States.
- ✓ Exploring the business model of bundled ISCs vs single monograph sales or a hybrid model, eg, offering bundled ISCs for the first 2 years and then moving to single monograph sales.
- ✓ Discussing with several groups (Performing Arts, Imaging, and CSM Preconference) developing content to be used on the Learning Management System.

Clinical Practice Guidelines for Common Musculoskeletal Conditions

December 22, 2020

Submitted by:

Co-Editors: Christine McDonough PT, PhD, Guy Simoneau, PT, PhD, FAPTA,
RobRoy Martin, PT, PhD, CSCS

Academy of Orthopaedic Physical Therapy, APTA

Strategic Framework Directive:

ACADEMY OF ORTHOPAEDIC PHYSICAL THERAPY, APTA STRATEGIC
FRAMEWORK: 2020-2023.

- Position members as experts in managing movement and functional performance
Initiative 1: Develop and disseminate resources to educate the public about orthopaedic
physical therapy.

Advisory Panel:

Jim Elliot, PT, PhD (implementation methods overview)
Sandra Kaplan, PT, DPT, PhD (methods)
Tom McPoil, PT, PhD, FAPTA (foot/ankle & production strategies)
Paul Beattie, PT, PhD, OCS, FAPTA (low back and neck)
Kevin Wilk, PT, DPT (shoulder, knee, and sports)

Steps of Clinical Practice Guideline Development

1. Topic Selected
2. Selection of authors
3. PICO Development
4. Discussion with CPG editorial team
5. Identify librarian to do searches
6. Literature Search
7. Identify team to review literature
8. Systematic Review & Critical Appraisal
9. Initial Draft in Development
10. Discussion with CPG editorial
11. Initial Draft Reviewed by Managing Editor
12. Author Review and Approval of Managing Editor
13. Place Draft on orthopt.org to Disseminate and Solicit Feedback
14. Draft in Review by Content Experts
15. Authors Incorporating Content Expert Comments
16. Conduct Expert Draft Review by Managing Editor
17. Place Updated Draft on orthopt.org to Disseminate and Solicit Feedback
18. Draft in Review by Stakeholder Reviewers
19. Authors Incorporating Stakeholder Reviewer Comments

- 37 20. Stakeholder Reviewer Comments Review by Managing Editor
 38 21. Draft in Review by *JOSPT* Editors
 39 22. *JOSPT* Editor Draft to Authors for Change Requests or Approval
 40 23. Final Draft to *JOSPT*
 41 24. Author Review of Proofs
 42 25. Publication in *JOSPT*
 43 26. Submission for National Guidelines Clearinghouse Acceptance
 44 27. Post Publication Dissemination & Implementation Initiatives

45 **Topics and Status of CPGs at a Glance (Current updates in yellow highlight)**

46 **Ankle/Foot**

- 47 • Achilles Pain/Tendinopathy (working on second revision)
 48 • Heel Pain/Plantar Fasciitis (working on second revision)
 49 • Ankle Stability/Sprain (first revision in editorial review)
 50

51 **Arm/Elbow/Wrist/Hand**

- 52 • Hand Pain: Carpal Tunnel Syndrome (working on first revision)
 53 • Distal Radius Fractures (working on original CPG)
 54 • Elbow Epicondylitis (working on original CPG)
 55

56 **Lumbar Spine/ Low Back Pain**

- 57 • Low Back Pain (working on first revision)
 58

59 **Concussion**

- 60 • Post-Concussion Syndrome (working on first revision)
 61

62 **Hip**

- 63 • Hip Pain Mobility Deficits (working on second revision)
 64 • Hip Pain Non-Arthritic (working on first revision)
 65 • Physical Therapy Management of Older Adults with Hip Fracture (submitted to *JOSPT*)
 66

67 **Knee**

- 68 • Knee Pain/Meniscal & Articular Lesions (working on second revision)
 69 • Knee Stability & Movement Coordination (working on second revision)
 70 • Knee & Anterior Cruciate Ligament Injury Prevention (working on first revision)
 71 • Patellofemoral Pain (working on first revision)
 72

73 **Leg**

- 74 • Hamstring Muscle Injury (working on original CPG)
 75

76 **Medical Screening**

- 77 • Medical Screening in Management of Common MSK Conditions (working on original CPG)
 78

79 **Neck**

- 80 • Neck Pain (working on second revision)
 81 **Pain**
 82 • Prevention of Chronic Pain (working on original CPG)

- 83
 84 **Pelvic**
 85 • Pelvic Pain (working on original CPG)

- 86
 87 **Shoulder**
 88 • Shoulder Pain & Mobility Deficits/Adhesive Capsulitis (working on first revision)
 89 • Shoulder Instability (working on original CPG)
 90 • Shoulder Rotator Cuff (working on original CPG)

- 91
 92 **Work Rehabilitation**
 93 • Work Rehab (original CPG in editorial review)

94
 95 **Guidelines Completed and Published in JOSPT and Revision Status**

96 (Current updates in yellow highlight)

97

309 New Original Guidelines - Under Development

310 **1. Hamstring Muscle Injury**
 311 (collaborating with Sports Section) (Workgroup Lead: Mike Cibulka, DPT, MHS, FAPT,
 312 OCS and Lori Bolgla, PT, PhD, MACC, ATC) – Currently in the title and abstract process
 313 as of May 2020.

314 **2. Work Rehabilitation**
 315 (Workgroup Lead: Deirdre Daley, DPT)– **Currently in editorial review with plans to**
 316 **submit to JOSPT in spring 2021.**

317 **3. Elbow Epicondylitis**
 318 (collaborating with the Hand Rehabilitation Section) (Workgroup Lead: Ann Lucado, PT,
 319 PhD, CHT) – Completing review changes and checking references as of May 2020.

- 319 **4. Distal Radius Fractures**
 320 (collaborating with the Hand Rehabilitation Section) (Workgroup Lead: Saurabh Mehta, PT, MS,
 321 PhD) – Currently working on writing phase. Received APTA grant for \$9000 in December 2020.
 322 **5. Shoulder Instability**
 323 (collaborating with the Sports Section) (Co-Workgroup Leads: Ameer Seitz, PT, PhD,
 324 DPT, OCS and Tim Uhl, PT, ATC, PhD, FNATA) – Currently in final
 325 writing/compilation stage as of May 2020.
 326 **6. Medical Screening in Management of Common Musculoskeletal Conditions**
 327 (collaborating with the Federal PT Section) (Workgroup Lead: Todd Davenport, PT,
 328 DPT, MPH, OCS) – Currently working on writing as of November 2020.
 329 **7. Prevention of Chronic Pain Associated with Common Musculoskeletal**
 330 **Conditions**
 331 (collaboration with Education Sections) (Workgroup Lead: David Morrisette, PT,
 332 PhD) – Currently drafting their manuscript.
 333 **8. Pelvic Pain**
 334 (collaboration with Section on Women’s Health) (Workgroup Lead: Meryl
 335 Alappattu, DPT, PhD) – Currently in data extraction and critical appraisals stage.
 336 **9. Shoulder Rotator Cuff Syndrome**
 337 (Workgroup Leads: Ameer Seitz, PT, DPT, PhD and Lori Michener, PT, PhD, SCS,
 338 FAPTA) – Currently forming a team.

Recent Activities and Action Items – June 2020

Activity #1 - CPG Policies

- CPG Managing Editor updated the Policies for the October 2020 Board Report.

Activity #2 - APTA Clinical Practice Guidelines Development Workshop

Christine McDonough and Sandra Kaplan facilitated this workshop virtually on August 13 and 14th, 2020. There were 21 AOPT members in attendance.

Activity #3 – CPG Manual

- CPG Managing Editor will be updating the Manual by March 31, 2021.

Activity #4- Memorandums of Understanding

- A Memorandum of Understanding was developed and sent to the APTA Hand and Upper Extremity Section to review for our shared distal radius fracture CPG.

Activity #5- Vendor Agreements

- The vendor agreement with Movement for Life (formerly TeleMovement) has been renewed.
- A vendor agreement has been drafted and sent to PhysioU for review and consideration of partnership.

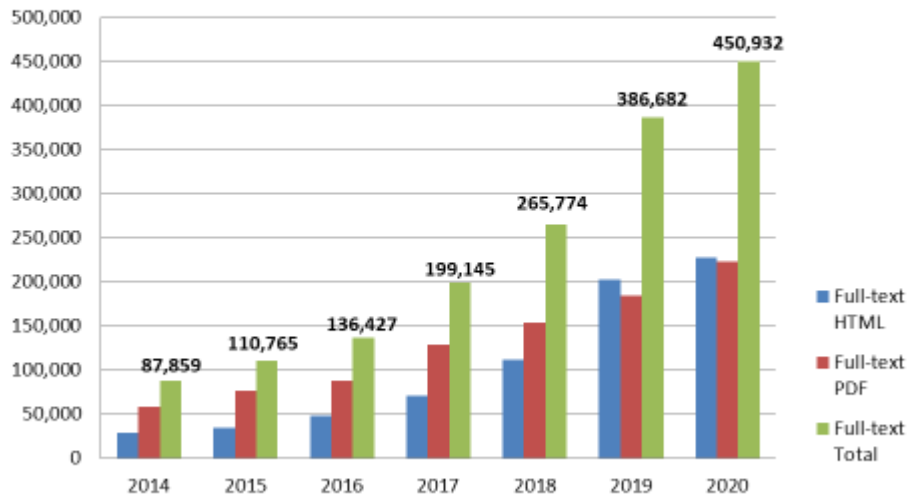

Activity #6- Presentations

- Frank Hoeffner, PT, DPT, OCS, CSCS presented on the low back pain CPG at the virtual CoHSTAR conference.
- Ameer Seitz, PT, PhD, and Pam Balla Dibblee, PT, DPT, OCS presented on the adhesive capsulitis CPG at the virtual CoHSTAR conference.

**Orthopaedic Physical Therapy Practice Report
CSM Board of Directors Meeting
January 2021**

Submitted by:
John Heick, Editor & Sharon Klinski, Managing Editor
Academy of Orthopaedic Physical Therapy, APTA

Advisory Council & Term Limits:

Editor:

John Heick 2020-2023

Associate Editor:

Rita Shapiro 2017-2023

Board Liaison:

Aimee Klein 2017-

Update on Activities since February:

1. Regularly published issues

The October issue of OP was mailed mid-October.

2. Pending articles

At this time, we have 10 accepted articles and 10 additional articles in various stages of review. The University of Central Florida has confirmed their special university issue for 2021; incoming articles will be received by mid-February. In addition, we have been in communication with Stephanie Greenspan who is proposing a circus-specific performing artist focused issue.

3. OP Associate Editor

Rita Shapiro continues reviewing incoming articles. Her dedication to the review process as well as her insight and timeliness are valued.

4. Advertising

The total 2020 advertising sales to date equals \$10,765. We will implement the combo online/print advertising once the newly designed website is complete.

**Public Relations Committee Report
